

# AEROLITE CARBON FIBRE POWERCHAIR

The AeroLite Powerchair is light... VERY light. The modern carbon fibre frame is so light that it is a cinch to fold, lift and carry, to easily load into a car or to store when not in use.

AeroLite's lithium-ion batteries are approved for air travel and yes it comes with two of them! Perfect for taking you further for longer outings with no airport stress and less hassle and worry about battery charging down-time. Intuitive joystick control, contoured comfort seating and puncture-proof tyres make for confident travel on different surfaces, indoors and out.

The AeroLite makes everyday life easier for users and carers alike.

### Foldable Design

Ideal for travel and easy to lift into the car
