Your home. Your health. We care.

LIFT & RECLINING CHAIRS

Relax & Recline

Stand with ease with our range of lift recliners

A Recliner / Lift Chair is ideal if you have difficulty standing up or sitting down due to restricted mobility. Our range of chairs will gently guide you into a standing or seated position with the use of a built-in motor. Our fantastic range of electric lift recliners offer a huge choice of colour and upholstery options, as well as single and dual motor options, to help you hold onto your independence without sacrificing comfort or style.

Our Range of Recliners are the first choice for value in a high quality Australian-made Recliner/lift chair.

Choose from a number of standard chair sizes and then personalise with a range of made to measure size adjustments.

- Available in Single (wall saver), Dual action or Manual Mechanism
- Wide choice of fabrics
- Matching protective covers
- Memory foam in the seat and/or leg rest
- Pressure relieving cushion seat insert
- Battery backup system that will activate during a power failure
- Support Local Industry

Our carefully selected fabrics and leathers offer a wide choice of colours, designs and textures that are all chosen to compliment our ranges with the latest trends in colour and style.

All our recliners have the following features:

Wall-saver

The single motor wall saver operation allows the chair to move forward while the back rest reclines. This feature reduces the space that the chair occupies in the room because the reclined backrest does not hit the wall. Lift, recline and footrest operate from one motor.

Independent recline

Dual Motor operation lets the user recline the back without affecting the footrest, allowing a greater range of comfort. One motor powers the backrest, and one powers the legrest and rise function.

Seated

Start with the chair in a comfortable standard seating.

Elevate the Feet

Elevate the feet to reduce pressure in the lower back and assist with the reduction of swelling in the legs.

Recline

Fully recline the chair for a comfortable sleeping position, or to relax while watching television.

Standing

Elevate the chair to assist to effortlessly stand from the chair.

LIFT & RECLINING CHAIRS

THE BARWON PRESSURE CARE LIFT RECLINER

The Barwon Pressure Care Lift Recliner is the perfect all-rounder for clients with medium to high care needs due to its comfort, practicality, and pressure care properties. It is designed for those that will spend more time in the chair and may have specific pressure care needs.

Each chair is upholstered with different inner and outer fabric coverings. The inner covering is from the Oscar fusion collection.

Maximum User Weight: 130 kg

Size	Height	Seat Height	Seat Width	Seat Depth	Back Height	Scap Height	Arm Height
Zero M	4'10"- 5' 2"	456 mm	540 mm	455 mm	636 mm	429 mm	199 mm
A	5' 2"- 5' 6"	476 mm	540 mm	490 mm	647 mm	440 mm	180 mm
B	5'4"-5'10"	496 mm	540 mm	520 mm	688 mm	481 mm	190 mm
C	5'11"-6'5"	546 mm	540 mm	545 mm	718 mm	511 mm	190 mm

SLIMLINE LIFT RECLINER

Sleek and stylish modern design, the Slimline lift recliner chair puts comfort first and is the perfect addition to any room without being intrusive and bulky. With an individually adjustable headrest, back, lumbar and lift/foot-rest, allowing for user personalisation, the chair provides a wide range of comfortable positions. The built-in deep recline feature has a slight tilt in space, allowing users to bring the feet above ninety degrees which is perfect for helping to improve circulation and to relieve pressure.

The Slimline comes in three standard sizes with a range of modifications available to give the perfectly fitted chair.

- 130 kg weight capacity
- Adjustable lumbar support
- Zero gravity recline
- 24 volt battery

DONATELLO RECLINER

Four motor lift with headrest & lumbar adjustment functions.

The Donatello has three configurable back rest options to suit any need:

Lateral Support Backrest | Standard Support Backrest | High Support Backrest

• Power Headrest

The individually adjustable head support allows you to lift or lower the position of the headrest even when the backrest is fully reclined, providing a higher level of adjustment for your neck and back.

• Power Lumbar

Individually adjustable lumbar support, which can assist in maintaining a proper sitting posture, helping to relieve tension on the spine to prevent pain or discomfort due to poor posture, arthritis or existing back problems.

• Power Backrest and Power Footrest

With a the dual lift system, it allows you to individually adjust the backrest and the footrest for the position that best fits the clinical needs of the client.

CONFIGURA LIFT CHAIR

The Configura Comfort electric rise recliner chair has been designed to offer comfortable seating for individuals with mild to moderate postural needs.

Its purpose is twofold: to mitigate the risk of pressure ulcer development and to assist individuals with limited mobility in transitioning between sitting and standing positions.

With an integrated self-supply overlay to make fitting your own pressure cushion simpler, an option to reverse the armrests for width adjustment, and increased depth adjustment options using backrest brackets without a Depth Adjustment Kit, the Configura Comfort is one of Statewides most versatile chairs.

- Fabric: Duratek, VP on backrest, seat, legrest and armrests
- Seat width options: 450, 500, 550 mm (18, 20, 22")
- Seat depth options: 450, 500 mm (18, 20")
- Seat height options: 375, 400, 425, 450, 475, 500 mm
- Mechanism: Dual motor tilt-in-space
