Your home. Your health. We care.

SAFETY ILLUMINATION

Sensor Strip Light

A convenient and portable battery operated automatic sensor strip light ideal for use in any low light situation, featuring both motion and light detection sensors.

140705

Outdoor Sensor Light

Wireless and can be used indoors or outdoors. 360 degree directional rotating lamp head. Instant installation.

14-0707

Toilet Night Light

A Night Light designed specifically for the toilet, featuring motion and light sensors to help prevent falls in the bathroom. With 8 different colour choices or an auto colour sequence mode, the night light is placed on the edge of the toilet bowl and lights up when motion is detected in low light situations. This reduces the chance of falls, spills and accidents and improves safety in low light situations.

The Toilet Night Light requires 3 x AAA batteries (not included)

14-0706

ROOM LAMPS

140703
