Beauty Body & Back Washer

Designed to make it easy to reach and wash the body. The wash cloths do not absorb water which make the products light and balanced even when wet. The handles are oval and have a surface which enables a secure grip. The wash cloths are machine washable and replaceable.

Beauty Hair Washer

Substitutes the fingers to apply shampoo and massage the scalp. The shaft and handle are of the same design as the body washer, making it easier to reach the head without strain on the hands, shoulders or arms.
