

Our maintenance team check each piece of equipment prior to dispatch to ensure patient safety and comfort.

All hire equipment is cleaned and sanitised to hospital standards before hire.

By regularly replacing equipment with new updated product, we ensure that the quality of our hire fleet is always A1

If you are ordering a larger item, like a Hospital Bed, Hoist, Electric Recliner or Air Alternating Mattress, our Installation team are available to help.

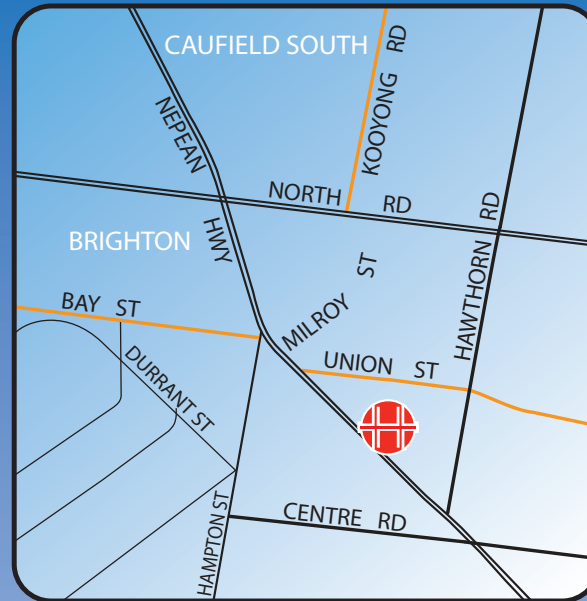

Interactive Website provides in depth information on all our range.

Fully trained staff at the ready to discuss your needs and provide excellent after sales support.

Reliable delivery service to your door, during the week, same day, next day, and on Saturdays
