Our maintenance team check each piece of equipment prior to dispatch to ensure patient safety and comfort.

All hire equipment is cleaned and sanitised to hospital standards before hire.

By regularly replacing equipment with new updated product, we ensure that the quality of our hire fleet is always A1.

If you are ordering a larger item, like a Hospital Bed, Hoist, Electric Recliner or Air Alternating Mattress, our installation team are available to help.

Interactive Website provides in depth information of all our range.

Fully trained staff are at the ready to discuss your needs and provide excellent after sales support.

Reliable delivery service to your door, during the week, same day or next day delivery.

for all your rehab
equipment needs!

Explore our vast selection of independent living and rehab equipment for hire, from walkers to mobility scooters and assistive devices to keep you moving.

Our virtual assistant, Merv, is here to make the process smooth and simple, guiding you every step of the way.

Hi, I'm Merv.
I'm here to help you.
